

Commercial BuildMark® and TradeMark™

Sectional Raised Panel Doors

Ideal for situations that demand a residential look in a commercial size, Commercial BuildMark and TradeMark give you a choice of raised panel options to match your residential door. Door sections are a full 2" thick and give commercial durability with a residential look and woodgrain finish. Commercial BuildMark and TradeMark designs match our Advantage Series™ residential doors.

Commercial BuildMark®

The clean lines of colonial, ranch or flush panels add charm in an economically priced pan or insulated door, or choose the carriage house option for a distinctive look.

Commercial TradeMark™

The combination of durable, 24-gauge steel, defined raised panel styling and authentic woodgrain texture gives fantastic curb appeal.

Commercial BuildMark®

When your building needs a classic raised panel design, Commercial BuildMark offers the aesthetic of a residential door, combined with the strength of a commercial door.

BuildMark Finish Options

Standard

OptiFinish™ (Optional)

Raynor's OptiFinish paint process allows your commercial BuildMark door to be customized with more than 1,800 Sherwin-Williams™ colors.

Commercial TradeMark™

Durable steel with a defined raised panel styling and authentic woodgrain texture provides a perfect solution when exterior appearance is important.

TradeMark Finish Options

Standard

OptiFinish™ (Optional)

Raynor's OptiFinish paint process allows your commercial TradeMark door to be customized with more than 1,800 Sherwin-Williams™ colors.

Panel Options*

Heights: 6'6" through 16' in 3" increments

Widths: 4' through 20' in 1" increments

Colonial

Carriage House

Ranch

Flush (BuildMark Only)

*1-car doors shown in 8'7" configuration. 2-car doors shown in 16'7" configuration.

Features

Section Joints

Strong, roll-formed tongue-and-groove meeting rails seal out wind, rain, and snow, keeping your garage dry and secure.

Authentic Woodgrain

Authentic woodgrain texture on the door's exterior adds visual appeal.

Hardware

Track formed from strong galvanized steel, paired with durable, long-wearing steel rollers ensures smooth, quiet operation.

Model Options and Upgrades

Insulation

Optional energy-saving core of polystyrene insulation provides added comfort and helps keep your garage quieter.

Header Seal

Header seal reduces air infiltration and energy costs by sealing the top of the door against the header. Available in EPDM rubber, vinyl or climate seal.

Jamb Seal

Helps to decrease energy costs and reduce air infiltration by sealing the side of the door when closed. Available in EPDM rubber, PVC or climate seal.

High-Cycle Counterbalance Systems

For reliable operation in high traffic areas, choose high-cycle torsion springs with 25,000; 50,000 or 100,000-cycle life. For reduced maintenance and ultra-smooth operation in heavy-use applications, choose a weight counterbalance system.

Locks

In applications where control and access are important, choose from a variety of locking options to help keep your building secure. Locks come in both inside and outside variations.

Professional Installation and Service

Depend on your Raynor Dealer

When you select Raynor, you're not just getting a superior garage door - you're also getting professional garage door installation and service expertise.

Every Raynor garage door is installed by a trained Raynor professional, and that means added benefits for you. First, you won't have to deal with it yourself. Second, because it's done right the first time, your door will deliver performance and reliability from the day it's installed. Your technician will check your door for everything from safety to performance and appearance. Trust your Raynor garage door to someone who knows it better than anyone else, your professional Raynor Dealer.
